Route description from the Lisbon airport to the holiday home Na Baía at Salir do Porto

The nearest airport is Lisbon, one hour away from the holiday home. The quickest way to reach *Na Baia* is to rent a car. It is better to book a car online in advance, it is much cheaper than to rent at the airport on arrival. During the high season it can take a while at the car rental companies in the airport. We always rent from a company on a little distance of the airport (for example Centauro), where a shuttle bus picks you up at the Vodafone meeting point in the airport.

– You leave the airport and you follow 'A1 Norte'

– Then you follow 'A8 Oueste'.

– Keep following this road (in the direction of Porto) for one hour.

– Take the exit (=saída) number 2 'Tornada'.

– At the roundabout you take the exit 'N8 Tornada / Alcobaça '*(P.S. if you should go to the left at this point instead of at the right, you will find at your left-hand side the 'Pingu doce', a big Portuguese supermarket with a wide range of fruit and vegetables, meat, etc.; these supermarkets are much cheaper than the Intermarché at São Martinho)*

– After about 1 km you go to the left in the direction of Salir do Porto (on a crossroads with a lot of trees).

– You drive through a village with 4 (high!) speed bumps. Follow this road straight ahead and you pass once again two speed bumps. You cross the railroad.

– At the roundabout you take the third exit in the direction of Foz do Arelho.

– You are in the road 'Estrada Atlãntica' now. After about 250m at your right-hand side (number 8) you'll find the domain Bela Baia III. The first apartment (Unit J) on the ground floor is *Na Baía*.

An alternative way to reach the holiday home is to take the bus at the airport (+/- 12 euro per person) to São Martinho do Porto (the baggage goes into the luggage space of the bus). There you can take a taxi to Salir do Porto. Consult the timetable on www.rede-expressos.pt

A second alternative is to use airport transfers from the airport to the Silver Coast, like for example Jinahtrans (https://jinahtrans.com/en/airport-transfers/) or you call a local taxi company.
